

COUNTY GOVERNMENT OF NYAMIRA  
 DEPARTMENT OF LANDS HOUSING PHYSICAL PLANNING AND URBAN DEVELOPMENT

04<sup>TH</sup> MARCH 2019

**PUBLIC PARTICIPATION NOTICE**

Pursuant to Section 21(1) (g) of the Urban Areas and Cities Act which empowers boards of cities and municipalities to ensure that residents participate in decision making, its activities and programmes and in further reference to Section 22 which establishes that residents of a city, municipality or town be actively involved in policy and law making plus service deliveries in their respective urban areas, the County Government of Nyamira wishes to invite the general members of the public for a consultative meeting on the construction of urban Municipal Road under the World Bank's Kenya Urban Support Program(KUSP), through its Urban Development Grant(UDG) menu on **13<sup>th</sup> March, 2019** at **Guardian Hotel**, Nyamira town in Township ward, of Nyamira South Sub-county starting from 9 am.

Zablon Onchiri  
 County Executive Committee Member  
 Lands, Housing, Physical Planning and Urban Development  
 Nyamira County

# BACK TO OFFICE REPORT

## REPORT ON ENVIRONMENTAL AND SOCIAL IMPACT ASSESSMENT CARRIED OUT FROM 11<sup>TH</sup> TO 13<sup>TH</sup> MARCH 2020 (HOSPITAL –PUBLIC WORKS ROAD) NYAMIRA MUNICIPALITY

### INTRODUCTION

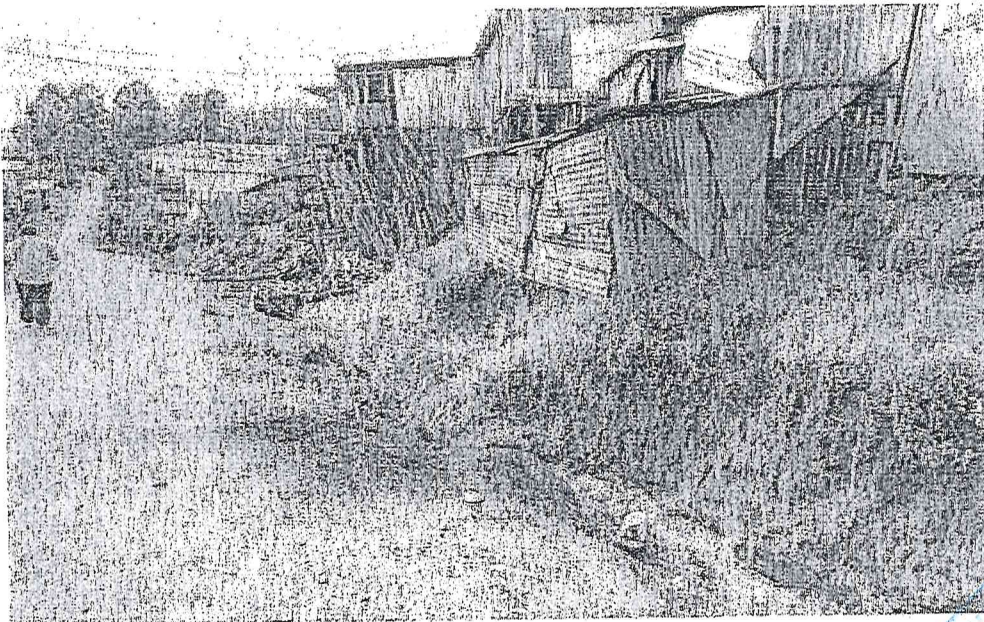

One of the mandating requirements under the urban development Grant is that Projects that have been identified for funding have to be assessed in different phases of Project preparation using Environmental and social impact assessment checklists.

### JUSTIFICATION

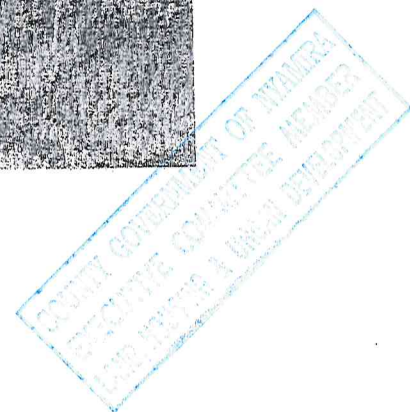

This is according to stage two of the social assessment process which requires screening at Project design stage.

The objective is to determine whether the Project complies with KUSP eligible Projects. The social and Environmental safeguards officers conducted the assessment in order to identify any potential social impacts and type of assessment required.

It should also determine if the Project would cause negative impacts on marginalized or vulnerable groups living along the Project corridor. The Project in Nyamira Municipality is the Upgrading to Bitumen Standards of 1.5km from Hospital to Public works

*Section of the road to be upgraded*

## PROCESS AND FINDINGS

The social and Environmental safeguards Officers accompanied by other County Staff embarked on the screening of the Proposed Project site.

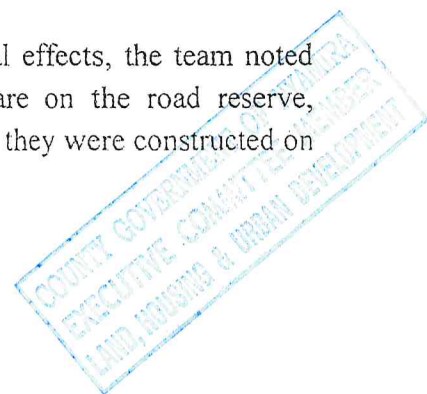

The team members were as follows:

1. LeonidaOrwaru-Social Safeguards Officer
2. Elizabeth Agwata-Enviromental Safeguards Officer
3. Daniel Atei-Member CPCT
4. Patrice NyangauOndieki-Ward Administrator (Township)
5. Thomas OmbunaOndieki-Information Officer
6. RaymndOnono-Complaint Officer-Municipality
7. BenardOmbati-Staff Municipality

*The team screening the proposed Project site*

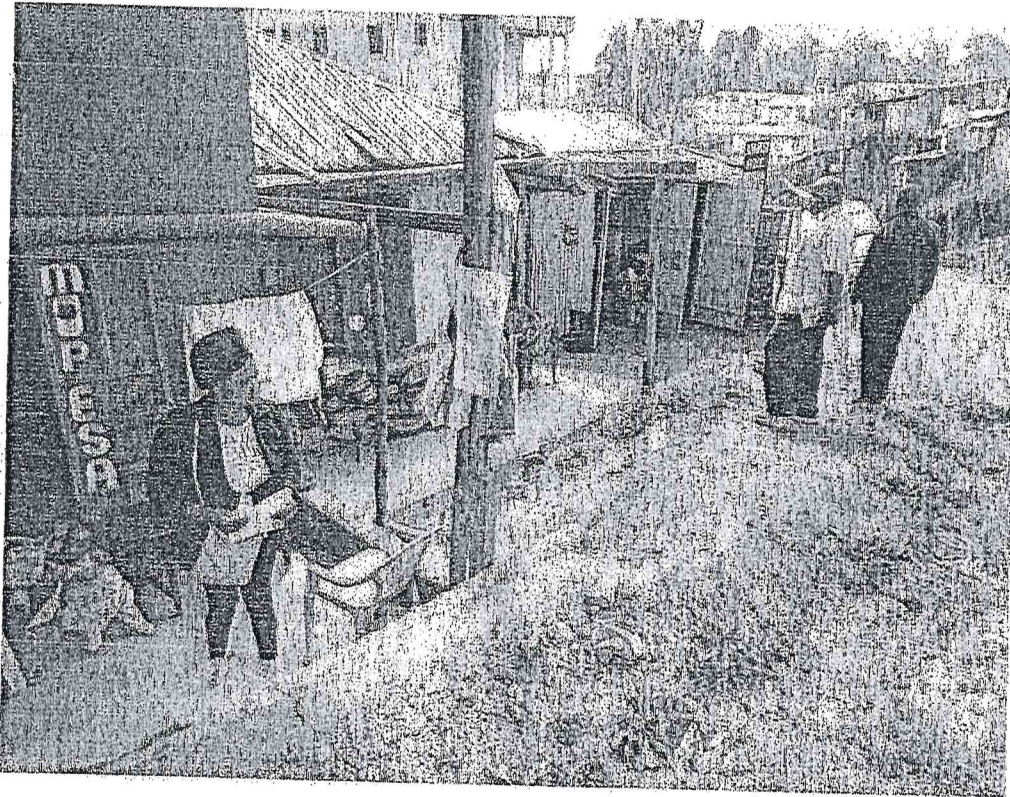

On whether the Project would cause diverse social and Environmental effects, the team noted that this is minimal risk Project. There are about 18 kiosks that are on the road reserve, discussions with the owners' demonstrated willingness to relocate since they were constructed on the road reserve.

Other issues include: Waterpipes, and electricity poles that will need to be relocated at some point near Bisamm Academy. There are major water pipes that transport water from the water treatment Projects at Nyamira.

There is no need for Development of an Abbreviated Resettlement Plan (ARAP) since the Project does not require physical displacement of any households.

Attached herein is the Completed screening checklist.
